Hanover AUTO TEAM

TECH PATHWAYS

Empowering the Next Generation of Automotive Professionals

Where hands-on training meets real-world opportunity.

What is Tech Pathways?

A zero-cost workforce development program for high school students, offering hands-on automotive and leadership training.

- Pennsylvania's only Registered Apprenticeship for Automotive Technicians
- Founded by Hanover Auto Team in partnership with the Hanover Chamber and 13 local school districts.
- Recognized by the Pennsylvania Apprenticeship Training Office

Pathway to a Career

Explore Automotive – Hands-on exploration with experienced technician

Pre-Apprenticeship – 300+ hours of in-shop and classroom training (12th grade)

Registered Apprenticeship – Full-time, paid post-graduation training

Career – Employment with Hanover Auto Team or industry partners

Dual Training Focus:

Technical Skills

- ✔ ASE-aligned education
- ✔ Foundational theory and hands-on training
- ✔ Real-world projects: Engine Reinstalls, Electrical Systems, Safety & Emissions Licensing

Leadership Skills (Everyday Champions)

- ✔ Set and pursue personal and career goals through structured vocational planning
- ✔ Build, lead, and contribute to high-performing teams in real shop settings
